

### Scan

Scan photos, business documents, articles, even 3-D objects directly into Visioneer's award-winning PaperPort software.

### Copy

Create clean, crisp digital copies by sending scans to your color or black-and-white printer.

### Fax

Transmit your scan directly to your fax software. Simply fill in the fax number on-screen and you are done!

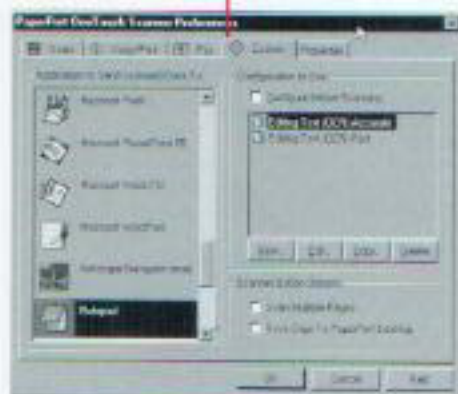

### Custom

Configure this button to send your scanned page to the application or device of your choice – a second printer, your favorite word processing software, or to your e-mail application.

Effortlessly configure any button using the convenient pop-up menu.

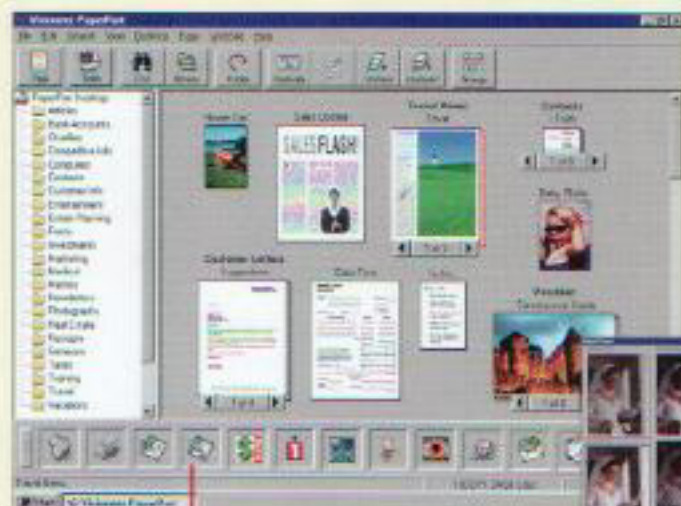

Select the application you wish to link to, adjust the application settings and you are done. Next time you touch this button on the scanner your document or image is automatically routed to the application or device you selected.

### Contents

- PaperPort OneTouch Scanner featuring: 600 x 1200 dpi Optical Resolution, 36-Bit Internal Color, and Five Button Hardware Controls
- PaperPort Software on CD-ROM
- Parallel Port Connector – Attaches to EPP/ECP Printer Port
- Installation Guide
- Power Supply

## PaperPort features an intuitive, image-based system for managing your scanned documents and images.

**Powerful Image Editing**  
Enhance your scanned images with PaperPort's easy-to-use editing tools. Dynamically adjust brightness, contrast and color, or select one of the thumbnails to automatically apply changes.

### Drag and Drop to Your Favorite Applications

PaperPort automatically builds graphical links to your installed applications. Simply drag a document thumbnail onto the link icon and your document is on its way to that application!

**PLUS!**
