

Creatively customize your checks for less with our “Checks by Design” packages.

- Our Checks by Design packages offer an easy, affordable way to give your checks a professional, custom look.
- Be creative for less. Select a special border, background, ink color and typestyle – for just \$49.99 (in addition to the cost of the checks).
- Choose either Voucher or Standard Checks in sheet-fed or continuous format.

Four Simple Steps:

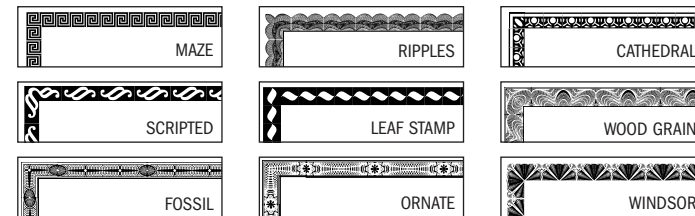

- Select a Border
- Select a Background
- Select an Ink Color
- Select a Typestyle

All for one low price!

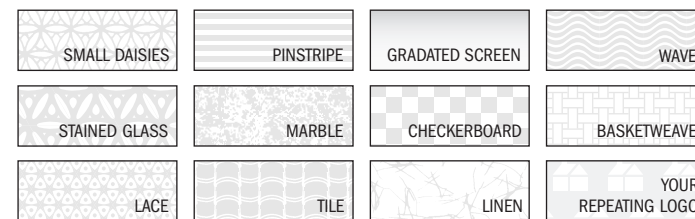

1 Borders

Choose from nine distinctive designs to enhance the look of your checks.

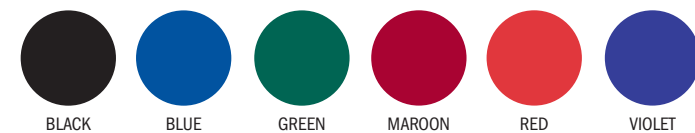

2 Backgrounds

Select from 11 different patterns. Or repeat your logo of choice. (There's a one-time set-up fee of \$35.00 to add your logo.)

3 Ink Colors

Select an ink color for your background, name, address, logo and Shadow Logo.

4 Typestyles

Select a typestyle from the nine different text styles shown below.

QuickBooks help protect you from check fraud...

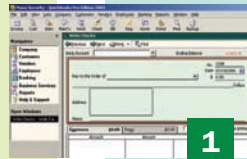

We provide comprehensive fraud and security theft protection. When ordering checks from Intuit, each order is automatically screened to help prevent fraudulent activity against your account. Giving you peace of mind and added fraud protection is our promise to you at no extra cost.

We offer four different security features to help protect you against check fraud.

- 1. Chemically Reactive Paper:** Stains or spots appear if chemicals are used to alter the check.
- 2. Microprint Line:** A line of type on the check is too small to photocopy clearly.
- 3. Erasure Protection:** A white mark will appear if there is an attempt to erase the imprint on the check's surface.
- 4. Security Screen:** The words "Original Document" are printed lightly on back of checks making them difficult to duplicate.

Printing checks directly from QuickBooks is as simple as 1-2-3!

QuickBooks Checks come in two formats. Order sheet-fed checks for a laser or ink jet printer; order continuous checks for a dot matrix printer. Then follow the three simple steps below:

Go to the File Menu, select "Print Checks" to display the Print Checks window.

1

From the Print Checks window, click "Print" on the toolbar, enter the check number, click "OK."

2

Choose the check style you want to use (Standard or Voucher) and click "OK."

3

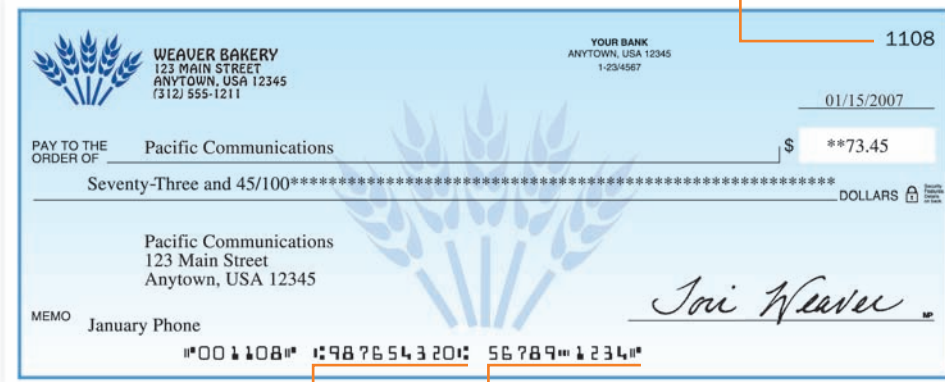

You're all set to print and mail!

Over 650,000 users count on QuickBooks Checks to help save them time and money.

Easy to order. Easy to use. Easy on time.

- You can order via the phone, the Web, by fax, or directly from within your QuickBooks software.
- To order, you'll need your checking account number and bank routing number, so have one of your current checks handy. The sample check shown below shows you where to find the numbers you'll need.
- Have a question? Just call us at 1.800.556.0087. We're here to help!

Think about the **starting check number** you choose. Many people start them at 500 or 1000 to look like they're not a brand new business.

This 9-digit number is your bank routing number.

The number located here is your account number.

Order Status Notification

- We'll notify you by e-mail or fax when your order has been entered and when it has shipped. Your order tracking number will also be supplied.

Order with confidence.

Your satisfaction is guaranteed!

Your supplies come with a 60-day money-back satisfaction guarantee. We guarantee your Checks, Forms and Supplies will be printed as you specify, will work with your printer and current versions of Quicken or QuickBooks software and your checks will be accepted by every financial institution in the U.S., or we'll reprint your order or refund your money. If you have any problems, please contact our Customer Service Department within 60 days of your purchase date at 1.800.556.0087. For orders placed through www.qbchecks.com, personalization is the responsibility of the customer. For wallet checks, our guarantee only applies to Check 21 compliant checks. Please go to www.intuitmarket.com/check21 to learn more about Check 21.

Company/Custom Logo & Art Specifications: For fastest service, please provide an electronic version of your logo. Logos should be saved as black-and-white TIF or EPS files, at least 600 dpi in resolution (1200 dpi is preferable for best print quality). If you order by phone, we'll send you an e-mail confirmation with logo instructions and an e-mail address to send it to, once your order is placed. If you don't have logo art available, you can mail us a disk or camera-ready black-and-white artwork. We cannot accept logo art as faxes, photo copies, photographs, sketches, clippings, gray scale or raised printing.
