

## LOANS & CREDIT CARDS

Our loan products aren't just good.

They're uniquely great.

We offer financial counseling and workshops. We handcraft distinctive loans to help you make your best financial decisions. We've helped people like you to buy cars, consolidate bills, or even purchase something that some would say is a bit unusual for a loan, such as musical instruments or whatever our members may need.

Plus, San Francisco FCU offers low rates on all of our loan products, including VISA® Credit Cards, Auto Loans, as well as affordable Home Loans for purchasing a new home, refinancing, or home equity.

So for cash or credit, let us customize a solution for you.

Unconceivably good. So why join us?

San Francisco has always celebrated its uniqueness. It's been home to hippies and captains of industry, The Rock and rock concerts, famous bridges and sourdough bread.

Introducing **Uncommonly Good Banking™** – a philosophy that extends our credit union's legacy of exceeding your expectations.

Founded in 1954, we gave people a safe place to get a loan, save money, and feel like part of a larger community.

Today, we offer a multitude of financial services to people who live, work, worship, and attend school in the diverse San Francisco community. You get high savings rates, low fees, and a long list of additional benefits, while we promise to always know you by name, not as a number.

Join us. See what the uncommon buzz is all about.

You won't see rates like ours.  
Unless you join.

While almost all financial institutions offer savings and checking accounts, we offer you much more without all that nickel and diming.

That includes higher interest rates on Savings, simple Checking, federally insured funds, good service, and an uncommon philosophy that makes us stand out from all the me-too banks.

To set aside cash, you can choose from many different Savings Accounts to fit any savings plan. With our various Checking Accounts, we can fit anyone's needs, even yours, without you having to answer a million financial questions or open five additional accounts.

Add it all up and our Savings and Checking Accounts are worth checking out.

Convenience isn't uncommon.  
But we are..

Today, you want to bank anytime, anywhere, and any place you like. So we let you do that any way you want. After all, it's all about convenience. Yours.

Whether you prefer using a smartphone, home or office phone, or a computer, you can securely access your account, make transfers, make payments, and more.

And for nationwide convenience, our members can use their VISA® debit card to access more than 28,000 surcharge-free ATMs as part of the CO-OP® Network, one of the largest in the United States. Look for the CO-OP symbol or check out the closest location at [www.co-opnetwork.org](http://www.co-opnetwork.org).
